

MERTON MUSIC, OURTEXT ... AND YOU

The issue of this catalogue marks completion of transfer of responsibility for keeping Merton Music in print from Theo Wyatt (b.1920) who founded it in 1996 to John Harding's Ourtext. Theo (d.??) hopes to continue to disinter neglected music for inclusion in future catalogues and to take part in the uploading explained below of Merton files to the Petrucci Library

Meanwhile, behind the scenes, John has embarked on an increasingly radical overhaul of Merton's files.

Many of them, particularly the earlier ones, were prepared in conditions of some difficulty, often from damaged or otherwise imperfect originals, using rudimentary equipment and methods, and always in a race against time to save music from obscurity.

Graphic manipulation software continues to improve, and now pages can be deskewed, inadequate margins adjusted, print size optimised and dirty backgrounds cleaned. Great improvements in legibility are possible, though the work is extremely time-consuming, and will not be completed overnight.

Missing notes can be supplied, and wrong notes and other errors corrected. A great many already have been, where they have been spotted. But the people best placed to spot errors are those who use the music. So if you have found something wrong, or think you can identify a note too faint to be made out, John Harding would very much like to hear from you.

The biggest single shortcoming with many old editions is the absence of bar numbers, which adds considerably to the difficulties of rehearsing. Here help from Merton's customers could be invaluable. Bar numbers pencilled in to a set of parts can be typed into the text, with benefits for everybody.

Help in this or any other way would be greatly appreciated, even if it's only with a single work. But do please check with John first, to find out exactly what is required, and in what form. Contact him by email at aladdin@ourtext.co.uk.

At some point in the future Ourtext hopes to make online ordering possible for Merton Music as well as for Ourtext's own repertoire, but that will be a large task. For the time being Merton Music and Ourtext will continue on parallel paths, with Merton ordered from this catalogue and Ourtext ordered online.

If you ever mislay this catalogue, however, remember that you can always download a Pdf copy from www.ourtext.co.uk.

MERTON MUSIC AND THE.PETRUCCI MUSIC LIBRARY

Merton Music has found a soulmate, and as soulmates do we are moving in together. The Petrucci Music Library (International Music Score Library Project) which you can visit at www.imslp.org. is a non-profit organisation, hosted in Canada and operated by an international team of volunteers, which aims to put on to its website for free download all the world's non-copyright music.

This is so closely in line with Merton's objective of making neglected string chamber music available to players at the lowest possible price that we have started a joint project to put the entire Merton archive of 1300 computer files on to the website. These are files which with one mouse-click print a whole string quartet needing only folding to produce a set of A4 booklets ready for the music stand. Not everyone will have a suitable printer, and for those without, Merton Music will continue to be available as before.

If you have broadband access and could spare an hour or two to speed the project along, e-mail the message "Merton volunteer" to petrucci205@yahoo.com.

MERTON MUSIC 2010 - 2011

Here is the 2010/11 Merton catalogue with 100 new titles (indicated by **N** after the catalogue number) and still all at a mere 10p. per page of music post-free. All the music is out of copyright and 90% is unobtainable elsewhere The order form contains instructions on ordering.

Production. The music is all photocopied on 100 gsm A3 paper in a 160gsm cover. We lack binding facilities so bulky piano parts sometimes come as separate 16 page fascicles in a cover.

Grading system. All string parts (but not piano parts) are graded for difficulty on a five point system. The first movement of Beethoven Op.18 No.1 is the yardstick for Grade 3. Grade 1 is much easier; 2 easier; 4 more difficult and 5 much more difficult.

Abbreviations. Letters in brackets against individual items have the following meanings:

- P** Below modern production standards either because of obsolete clefs (especially the "false treble clef" for cello); old style crotchet rests; piano parts with no string staves; or just poor printing quality of the original.
- R** No bar numbers or rehearsal letters.
- S** Modern computer setting - mostly by Merton Music using Sibelius.
- T** Designed for teaching.

Publicity If you would like to spread the word of Merton value to other string players write "Catalogues" on your order form and we will include a few with your music.

MERTON MUSIC

The world's largest catalogue of string chamber music at the world's lowest prices

Merton Music is devoted to making rare string chamber music accessible to players at prices which will positively encourage exploration. There are 1300 items in the catalogue from 330 composers. Not all are masterpieces but all of them were once thought worthy of commercial publication and very few deserve the neglect they have endured because their original publisher allowed them to go out of print. All can be posted to you direct by John Harding in London at the following standard price per page of music, post-free; a fraction of the price of commercial publications:

U.K.	£0.10
U.S.A	\$0.25
